

TECHNICAL SKILLS

- **Programming Languages:** Python | C
- **Tools:** Docker | Power BI | Google cloud | AWS EC2 | Excel | Postman | Scikit-learn | Github
- **Statistical/Machine Learning:** Statistical Analysis | Machine Learning Algorithms | Deep Learning (CNNs,RNNs,GANs)
- **Front End:** Html | Css | Javascript | Typescript | Figma
- **Database:** MySQL | FireBase
- **Web FrameWork:** Django | Flask | FastAPI | Tensorflow
- **Other Skills:** OpenCV | UI/UX Design | CI/CD Pipeline

EDUCATION

- B.E Computer Science Engineering (AIML) **A. P. Shah Institute of Technology** **7.91(CGPA)** | July 2022 – May 26
- XII | **BHAVANS COLLEGE, Andheri** **64.50%**|May 2021 – May 22

INTERNSHIPS

AICTE Virtual Internships | Eduskills *Jan 2023 - Present*

- ZSCALER ZERO TRUST CLOUD SECURITY VIRTUAL INTERNSHIP
- AWS CLOUD VIRTUAL INTERNSHIP
- CYBERSECURITY VIRTUAL INTERNSHIP PROGRAM
- MICROCHIP EMBEDDED SYSTEM DEVELOPER VIRTUAL INTERNSHIP
- GOOGLE CLOUD GENERATIVE-AI VIRTUAL INTERNSHIP

Teaching

- Kalawati Classes (Math Tutor) *Oct 2022 - Nov 2022*
- Achievers Coaching Classes (Math, Physics Tutor) *Aug 2024 - Present*

PROJECTS

- ❖ **NutrinoAI: A Hybrid Recommendation system** | [LINK](#)
1. Comprehensive AI Project: It combines web development (using Node.js and React with Vite) and data analysis (leveraging Python and Jupyter Notebook).

2. Server-Client Architecture: The project is designed with a modular server-client structure, ensuring scalability and effective communication between components.

3. Active Development: The repository is actively maintained, open for forking, and offers a foundational framework for AI-driven applications.
- ❖ **Decetralized cryptographic File Repository System** | [LINK](#)
1. Project Focus: Aimed at creating a secure, decentralized repository for cryptographic file storage using blockchain technology, enhancing data integrity and privacy.

2. Technology Highlights: Incorporates advanced cryptography methods and blockchain principles, primarily implemented in Python and HTML.

3. Blockchain Applications: Beyond cryptocurrencies, blockchain is revolutionizing areas like supply chain management, voting systems, and secure data sharing.
- ❖ **Language Profanity Filtration Marathi** | [LINK](#)
1. Profanity Filtering & Content Moderation – Detects and substitutes inappropriate content in Marathi text (both native script and transliterated).

2. Audio Processing & Transcription – Supports Marathi speech-to-text conversion using Google's Web Speech API, handling uploaded audio files and real-time recordings.

3. NLP Analysis with spaCy – Performs language detection, tokenization, sentence segmentation, lemmatization, lexical and syntactic analysis, and stop-word identification in Marathi.
- ❖ **Intelliagent Hub** | [LINK](#)
1. AI-Powered Research Assistant – Flask-based tool integrating Ollama Llama and LangChain for intelligent information retrieval.

2. Multi-Source Search & Computation – Supports Wikipedia, DuckDuckGo, PubMed, and arXiv searches, along with safe math evaluations and error handling.

3. User-Friendly & Well-Structured – Features an intuitive interface and a codebase primarily in HTML (52%), Python (42.3%), and CSS (5.7%).
- ❖ **Visual Sorting** | [LINK](#)
1. Sorting Algorithm Visualization – Provides a GUI to visualize Bubble Sort, Insertion Sort, Selection Sort, and Merge Sort step-by-step.

2. Customizable Array Generation – Allows users to create or randomize arrays with adjustable size and entry limits, using Tkinter and NumPy.

3. User-Friendly & Robust – Includes an executable file for easy access, with built-in error handling for a smooth experience.

4. Interactive Learning Tool – Helps users understand sorting concepts through real-time visual demonstrations and step-by-step execution

CERTIFICATION

- [Stanford](#) Machine Learning Specialization
 - [OpenEDG](#) PCAP: Programming Essentials in Python
- [Oracle](#) Database Foundations
 - [Zscaler](#) Zero Trust Associate
- [Eduskills](#) TechCamp on Google Android
 - [NVIDIA](#) GenAI with Diffusion Model

EXTRA CURRICULUM ACTIVITY

- 1)AIML Association Secretary (2024-25)
- 2)Event Head at Cultural Fest (2024)
- 3)Ladies Representative in Drama Club (2023-24)
- 4)Volunteer at Cultural Fest (2023)
